

## Petrillo Fund Financial Assistance

In response to the fast-moving events associated with the Coronavirus pandemic, we wish to remind local officers and AFM members of the availability of limited emergency financial aid through the AFM's Lester Petrillo Fund. The Fund was established to assist members-in-good standing who become ill or disabled, and are unable to accept work. The following circumstances would qualify for assistance:

1. A member is diagnosed with Coronavirus (COVID-19).
2. A member tests positive for Coronavirus (COVID-19) and is quarantined.

Members and Local Officers may download Petrillo Fund applications [here](#). Completed applications together with supportive medical documentation should be submitted by members to their local unions, which will then submit them to the Federation.

All of your Federation officers and staff are concerned about the health and welfare of our members. We will continue to update you on our ongoing efforts amid this crisis to obtain governmental relief for workers in the entertainment industry.

Stay healthy!
